Skill Partners

The Commerce Education-Industry Gap

Present Market Scenario

- Professionals, employers & employees face challenges in complying with GST, ITR and others
- Lack of general awareness of complex statutory filing systems
- Traditional learning methodologies in commerce are time-consuming and may not provide opportunities for relevant practical learning
- Limited real-world practice solutions

Nergy's Solution

SL Tech Simulated Learning Technology

Bringing exact-work scenarios to the student desk, replicating real-life

- Nurture critical thinking & practical skills
- Bridge the gap between student life and professional life

IL Tech Interactive Learning Technology

Helps to understand theory better, through practice

- Making the learning & teaching process more engaging
- Collaborates practice with instant feedback using multi-modal learning tools

Experiential, Cloud-based, Revolutionary, **Nergy Vidya**.

Nergy Vidya is the online platform of skill-based courses and technology solutions in commerce education, enabled by Simulation and Interactive Learning Technology innovated by Nergy India, promoting upskilling, reskilling and cross-skilling.
